

## How to enable Parallelism for pipeline jobs in Azure DevOps?

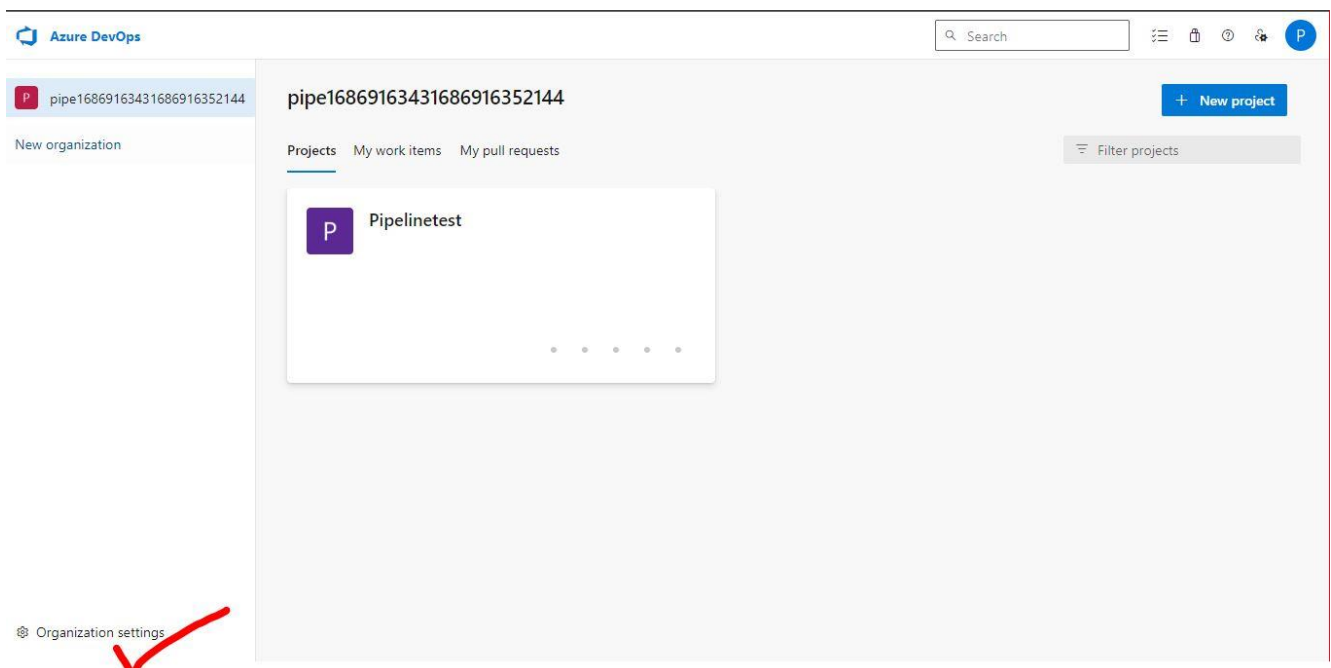

### Step1:

- Click on the Azure DevOps Organization.

### Step2:

- Navigate to the Organization setting in the bottom left corner.

### Step3:

- In the organization setting page click on “Billing”.

**Organization Settings**

**Billing**

Billing has not been set up for this organization. Access will be available up to [free tier limits](#).

Pipelines for private projects	Free	Paid parallel jobs
MS Hosted CI/CD <a href="#">🔗</a>		1
Self-Hosted CI/CD <a href="#">🔗</a>	1	0

Visit [parallel jobs](#) for full details on free pipelines and public concurrency

Boards, Repos and Test Plans	Free
Basic users <a href="#">🔗</a>	5
Basic + Test Plans <a href="#">🔗</a>	<input type="button" value="Start free trial"/>

### Step5:

- In this step the Azure subscription will be automatically validated. Once validated Save it.

The screenshot shows the Azure DevOps 'Billing' page for an organization. A modal titled 'Set up billing' is open, prompting the user to 'Select an Azure subscription for billing your organization's Azure DevOps charges'. A subscription named 'npmindtre-...' is selected, and a green message states 'Subscription is valid'. The modal has 'Cancel' and 'Save' buttons, with a red checkmark over the 'Save' button. In the background, the 'Billing' page shows a table with columns for 'Pipelines for private projects', 'Free', and 'Paid parallel jobs'. The 'MS Hosted CI/CD' row shows a value of '1' in the 'Paid parallel jobs' column.

Pipelines for private projects	Free	Paid parallel jobs
MS Hosted CI/CD		1
Self-Hosted CI/CD	1	0

### Step6:

- On the billing page the value of **MS Hosted CI/CD** will be "0" by default. Change the value to "1" and click on the Save button at the bottom of the page.

The screenshot shows the Azure DevOps 'Billing' page with the 'MS Hosted CI/CD' value changed to '1'. A red circle highlights the 'MS Hosted CI/CD' label, and a red arrow points to the input field containing the number '1'. A red checkmark is also visible over the '1'. The 'Self-Hosted CI/CD' row shows a value of '0' in the 'Paid parallel jobs' column. The 'Start free trial' button is visible at the bottom of the page.

Pipelines for private projects	Free	Paid parallel jobs
MS Hosted CI/CD		1
Self-Hosted CI/CD	1	0
